

On-Campus and Distance Learning Programs

Forest Lake Academy Panthers 2014-2015 Season

Welcome from the Athletic Director

Welcome to Forest Lake Academy Athletic Department, home of the PANTHERS! We are honored to greet you as a student, parent, family member, neighbor or sponsor! We invite you to be a part of our programs. Extracurricular activities such as interscholastic sports are an important component of your student's experience here at Forest Lake Academy. Athletics help provide an opportunity for our students to learn many critical thinking lessons while developing their physical, emotional, social and spiritual skills that will help them reach their potential as a current and future Christian leader.

We strive to produce student athletes who first and foremost have an active and growing relationship with Jesus, their families and the community, and who can perform at the highest level within the sport in which they participate. Our programs continually strive for excellence as we compete in many different athletic venues here in Florida and in the states of Tennessee, Georgia, California, Michigan and Texas. We look forward to serve you and your family as we partner together to build a healthy life to the fullest, preparing ourselves and our community for eternity.

There will be a mandatory parents/coaches/players meeting scheduled before each season in order to discuss team expectations as well as giving parents an opportunity to address inquiries or concerns.

If you have any questions, please contact the Athletic Department Office.

Sincerely,

Nestor Osorio
Forest Lake Academy
