

Forest Lake

EDUCATION CENTER

June 4, 2015

To Whom it May Concern:

As an employee of Forest Lake Education Center, Nestor Osorio demonstrated a strong ability to manage the programs he was responsible for. As the Athletic Director of FLEC, Nestor oversaw the intramural and varsity programs. Some programs were developed that promoted multi-school cooperation to run where competition was minimized. This programs transition to the current format was managed with grace and skill.

The Athletic Director for our school managed the other teachers and volunteers who worked in the various programs that were provided. Nestor worked and planned with this team and his teaching partner. Responsibilities included managing the department budget, program budgets, promoting and managing sports programs, teaching a full-time load, as well as other duties that would be assigned by the school's administration.
