

FLA Varsity Sports Academic Policy & Varsity Fees

Students at Forest Lake Academy participate in the following varsity sports:

- Golf
- Girls Volleyball
- Boys Soccer
- Boys & Girls Basketball

Athletics and the FHSAA

Students wishing to participate in the Varsity and Junior Varsity athletic programs at FLA must maintain a 2.0 cumulative grade point average on a 4.0 scale and must not have an Incomplete, F or D grade from the previous quarter of the current year. Students who do not meet FHSAA guidelines for athletic participation will be removed from all athletic teams until their cumulative GPA, as determined at the end of the semester, meets the FHSAA requirement. For more information or questions regarding FHSAA eligibility and policies, please contact the Athletic Director.

In order to participate in after school practice or events, students must have attended school on the day of the practice or event. Skipping a class period or leaving the classroom building earlier than permitted may result in a one game suspension/removal from the team.

Sportsmanship

Good sportsmanship at athletic events, at home and away, is especially important. All students and parents are expected to adhere to the following guidelines for sportsmanlike conduct:

- Show respect for opponents, players, coaches and officials at all times
- Refrain from using inappropriate language
- Know, understand and respect the rules of the contest
- Recognize and appreciate skill in performance, regardless of team
